

### **Questions received as regards the RfP for EU Public Affairs services**

- **Is there a defined budget for the year we should keep in mind when preparing our response?**

There is no defined budget. Proposals will be assessed according to the criteria defined in the request for proposals, in which price is an important element.

- **In terms of selection procedure, will there be a pitch or are the proposals evaluated fully based on the proposal itself through the point system described in the RFP?**

The proposals will be evaluated based on the point system described in the RFP. InnoEnergy reserves the right to request a presentation to confirm, detail or potentially request adaptations of the proposals received.
